## Just d-d-dance!

From a spontaneous house party to a podcast while hiking, these ultra-portable speakers are made for the nomad lifestyle, complete with Bluetooth® 5.0. It's you the DJ! Blasting out tunes with powerful 360° stereo sound by easily combining the speakers with the magnet connection for rich bass and crisp, clear highs. What's more is the hypnotic LED light show that follows the musical beat with either 4 colour effects

or a unicolour option. With up to 8 hours of playtime, it offers great autonomy on the go. So user-friendly, you'll love the hands-free calling, easy on/off and pairing. Beyond the great looks with a compact and trendy design, it's IPX4 splash resistant and drop proof. Compatible with Android and iOS via a Bluetooth® connection, connect wherever worry-free!

**Colour available:** ● Black

*Carry the party anywhere!*
